Can you spare 2 minutes to install a fiber optic connector?

That's all it takes with Leviton Fiberoptic's Thread-Lock™ ST®.

Finally, a fiber connector that's both fast and foolproof to save you time and money.

The Leviton Thread-Lock™ ST® Fiber Connector *requires no special training* and uses no proprietary tools, no special consumables, and is the only connector available that *doesn't need a crimp tool*. This also means you never have to buy more connectors than you need for a job, because Thread-Lock™ connectors can be re-installed if you make a mistake or if your connection is anything less than perfect.

JUST THREE EASY STEPS TO INSTALL:

1. Prepare fiber cable
2. Thread cables into connector and secure base
3. Cleave and polish the fiber

Find all of the tools and products you'll need for your single-mode or multi-mode fiber installations in Leviton's compact, lightweight Fiber Optic Tool Kit for a perfect installation every time.

If you've got an extra two minutes, we'd like to give you a **FREE** product demonstration. Just call 1-800-922-6229 for the name of a Leviton sales person near you.

FC Multimode Thread-Lock Connector	***49883-MFC***
FC Tightening Tool	***49883-FCT***
Singlemode Fiber Optic Tool Kit	***49800-STK***
Multimode Fiber Optic Tool Kit	***49800-MTK***
Singlemode Fiber Optic Consumables Kit	***49800-SCK***
Multimode Fiber Optic Consumables Kit	***49800-MCK***

Highlights and Benefits of the
LEVITON FIBEROPTIC TECHNOLOGIES FIBER OPTIC INSTALLATION KITS

- Available in singlemode and multimode versions.
- Compact, soft-sided zipper case with belt attachment weighs only two pounds.
- Kit includes all tools necessary for fiber optic termination.
- Consumables Kits contain the highest quality lapping film available.

FIBER OPTIC TOOL KIT
COMPONENTS

- 100X Inspection Scope for Multimode
- 200X Inspection Scope for Singlemode
- Universal 200X Scope Adapter
- Buffer Remover (900 Micron)
- Buffer Remover (250 Micron)
- Sapphire Scribe
- Polishing Pad 3x6"
- Safety Glasses
- Aramid Strand Scissors
- Jacket Stripper
- Polishing Puck
- Case

FIBER OPTIC CONSUMABLES KIT
COMPONENTS

- 15 Micron Lapping Film (50/pk)
- 1 Micron Lapping Film (50/pk)
- 0.3 Micron Lapping Film (50/pk)*
- Swabs (50/pk)
- Polyester Wipes (100/pk)
- Alcohol Pad (10/pk)
- Music Wire
- MM Tool Kit Case
- SM Tool Kit Case

* *Included with Singlemode Kit only.*
